HOME OF THE SPY PONDERS

869 MASSACHUSETTS AVENUE

ARLINGTON, MA 02476

Dear Spy Ponder Class of 2018,

Congratulations on completing your high school education! You have graduated from a great school in a great community. As you head off to your next stage of life, be it college, career, or gap year, I hope you will remember the words of Mark Twain, "I have never let my schooling interfere with my education."

Over the past four years, the students and staff of Arlington High School have worked hard to realize our goal of "learning, connecting, and caring in a safe, supportive, and nurturing community." For four years, you had the opportunity to study art, music, family skills, science, literature, history, mathematics, science, and more. We came together as a community to play sports, form clubs, put on shows, travel, and more. This is because we recognize the importance of education in creating individual and community success.

You leave Arlington High School to be adults in an uncertain and challenging world. Social media have connected us more than ever before, and seem to create more division and stress. Technology has made our lives easier, but is making the climate more extreme. We live in a peaceful and wealthy country, but many do not share that wealth or sense of peace.

You have had a unique experience of learning together in a truly excellent and diverse community. We taught you the liberal arts or as the ancient Greeks called them, the *artis liberalis*. These are literally the subjects that were considered essential for a free person to know in order to free the mind and to act as free people in society.

I can say with full confidence, that you are ready as individuals and as a group to face the challenges the world presents. Keep those connections and lessons as you go forward and make this world a better place.

Good luck in whatever you choose to do. I hope you will stay in touch!

Go Ponders!
Dr. Janger

In Memory of Jeremy Kremer-McNeil Class of 2018

Jeremy Kremer-McNeil attended the Arlington Public Schools from kindergarten through his freshman year in high school. He died on September 4, 2015. Jeremy had enjoyed playing trumpet in the band since he was at Bishop Elementary School. He played in the concert and jazz bands at the Ottoson Middle School and in the concert band at Arlington High School. He is remembered as a caring and funny friend, someone who could always make his classmates laugh.

For many years, Jeremy enjoyed attending summer camp at Habitat, a Massachusetts Audubon Nature Preserve in Belmont, Massachusetts. A tree has been planted and a bench has been installed there in his memory.

Jeremy had a strong wish to put an end to human trafficking. He first became aware of this issue when he wrote a paper in his eighth grade history class on modern-day slavery. This developed into a concern for human trafficking victims, a concern he shared with many of his friends. After Jeremy's death, his family and classmates were inspired to honor his memory with donations to Polaris Project, a leader in the fight to eradicate modern-day slavery.

The National Honor Society is a service organization open to juniors and seniors who have maintained a cumulative unweighted GPA of 3.5 (weighted 4.3) and have completed 40 hours of community service. Students are invited to apply either after first term or fourth term of their junior year. Members are required to complete an additional fifteen hours of service through the society's tutoring program. There are over 200 students at Arlington High who qualify and participate in the National Honor Society.

UNITY Project

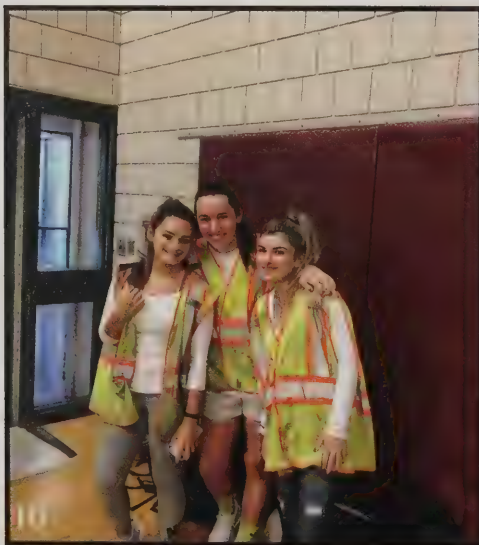

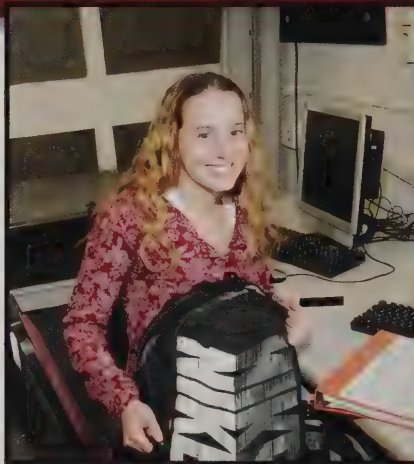

The Arlington High community started off the 2017-2018 school year with The UNITY Project, a large structure that helped us celebrate our uniqueness, strengths and ties to each other. The hope of the project was to start the year off with a conversation about who we are and how we come together to form the community of AHS. The project consisted of 32 posts arranged in a circle, each with identifiers such as, "I'm a sibling;" "I speak more than one language;" "I identify as LGBTQIA." Participants walked around the circle and tied colorful yarn to all posts that reflected their identities. Their yarn intertwined with others' to create a canopy of interconnectedness. In the end, we saw that we are all connected by something and that it's our diversity that builds a strong and vibrant community. In the four days that it was up, we estimated that about 900 students and Arlington community members participated, using close to 35 miles of yarn. Even when the structure collapsed due to a huge rain storm, the yarn stayed together and remained beautiful. This showed us that when the world tries to bring us down, we need to stay united.
